📍 Tiruppur

## EDUCATION

Bsc, Artificial Intelligence and Data Science

**Bharathiar University**

📅 01/2023

## EXPERIENCE

Title

**Company Name**

📅 Date period 📍 Location

Company Description

- Highlight your accomplishments, using numbers if possible.

## LANGUAGES

**English**  
Proficient

**Tamil**  
Native

## SKILLS

**Python**

**Java**

**C**

**C++**

**SQL**

**Machine Learning Algorithms**

**Deep Learning Concepts**

**Fluent in English**

## SUMMARY

A strong enthusiasm for artificial intelligence and data science is evident, with a focused commitment to leveraging machine learning and data analysis skills. A proactive approach to learning and development is reflected in academic pursuits, aiming to contribute effectively to a forward-thinking team. Eager to engage in meaningful projects that drive impactful results and promote advancement in technology.

## KEY ACHIEVEMENTS

### Outstanding Project Performance

Achieved 95% in machine learning projects, exceeding peer expectations and enhancing technical acumen.

### AI Model Efficiency

Implemented AI model reducing processing time by 30%, increasing efficiency significantly.

### Hackathon Success

Participated in 5 hackathons, securing top 3 positions in 2.

### Data Analysis Improvement

Conducted data analysis on 10+ datasets, improving insights' accuracy by 25%.
